Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Will and his wife loved each other so much they just couldn't bring themselves to reality... unwilling to leave one other they came up with an alternate reality so they could be together and forget what really

different names for the children and themselves to keep for revisiting the past because the hurt and reality was just to much and if it ever came up they would be forced to realizea

Gladly this had some use because on this path he would discover who committed the murders of his two young daughters and his wife and just maybe then she and he could move on.

Further research leads Will to the psychiatric hospital where Peter Ward was initially hospitalized. There, Will is told that he is Peter Ward and that "Will Atenton" is a false identity he invented

comes over to collect his daughter, despite him not yet having custody for a few days. Anne refuses but her daughter obliges in order to avoid any conflict -- yet she runs away as soon as she is out the door

houses have memories. For one man, his home is the place he would kill to forget. A family unknowingly moves into a home where several grisly murders were committed ...

Does

What behavior have we observed?
What can we imagine them doing?

After asking around, Will learns of terrible murders that occurred there five years earlier - a man, named Peter Ward, the previous owner of the house, shot and killed his wife

what he believes is Ward's room (the number of which he found by looking at the mail pigeon hole marked with his name) and there he finds a picture of his wife and daughters.

home they have just moved into. Early in his time at the house, Will notices tension between his neighbor, Anne Patterson (Naomi Watts), and her ex-husband, Jack, who is picking up their teenage daughter.
